ABOUT

I am an aspiring software developer with a passion for technology. My interest in coding started as a personal pursuit and has since grown into a professional ambition. I am skilled in React and TypeScript, and enjoy creating intuitive and dynamic web applications. I maintain a healthy lifestyle that fuels my productivity and mental clarity and I am always eager to learn new things and meet new people.

SKILLS

React.js	JavaScript	TypeScript	HTML5 & CSS3
Git	Vite / Webpack	WordPress	Responsive design
Vitest / Jest	Linux	Problem solver	Detail-oriented
